

PRODUCT DATA

IRON GUARD

Iron Guard is a one step neutralizer and metal primer and is ready to use.

Iron Guard is easy to use---just spray on rusted surface which has been cleaned of all oil, grease, blistered and loose paint and rust scale and allow to dry for at least 24 hours.

Iron Guard neutralizes rust and acts as a primer on most rusted surfaces. After treatment with **Iron Guard**, rinse several times, allow to dry, and you will have a clean rust-free surface.

Iron Guard contains phosphoric acid. When using, wear rubber gloves and do not splash liquid. If contact should occur, flush with water for 15 minutes
