

# Bolt Buster

Penetrating  
Lubricant  
Non-Flammable

## PRODUCT DESCRIPTION

Bolt Buster frees rusted and corroded parts and stops squeaks. It creeps under rust, dissolves corrosion and frees bound mechanical parts. This product contains a concentrated blend

of oils, solvents and metal protective fluids which penetrate deep into bound areas, supplies the power to get under and loosen rust and corrosion.

## USES / BENEFITS

- Automotive
- Sporting Goods
- Aviation
- Marine
- Farms
- Mechanical Maintenance

Leaves the surface lubricated with a film that never hardens, and protects against further rust and corrosion.

Liberal application will loosen:

- Bolts
- Threads
- Locks
- Rotating parts
- Bed springs
- All tight-fitting Metal Parts
- Nuts
- Hinges
- Sliding parts
- Pins
- Formica

## GENERAL DESCRIPTION:

Non-flammable non-conducting aerosol lubricant, penetrant.

## PROPERTIES:

Spray pattern — Jet spray - pin point action.

Appearance — Clear to light brown liquid.

Odor — Solvent.

Flammability — Non-flammable - puts out flame.

Dielectric strength — Greater than 20,000 volts

Net Wt. — 19 oz.

Gold Coast Chemical
