

Flash Safe

**Solvent
Cleaner and
Degreaser**

PRODUCT DESCRIPTION

This is a complex blend of non-flammable solvents that is non-conductive and safe from toxic fumes. It rapidly removes grease, oil, dirt and grime from both metallic and non-metallic surfaces. Cleaning is quick and residue

free with no damage to working parts.
Warning: prolonged contact with aluminum will cause discoloration. While safe to use on most plastics, it will soften and eventually dissolve polystyrenes and polycarbonates.

USES / BENEFITS

- Electronic equip.
