

GOLD COAST CHEMICAL PRODUCTS

Specialists in:
Drain, Automotive and Cleaning Maintenance Products

2357 Stirling Road, Ft. Lauderdale, FL 33312
TEL: (800) 333-3403 • FAX: (954) 893-8884
Email: noslime@goldcoastchemical.com

NO FLY ZONE has 3 major uses in the restaurant area and has been used by many high quality restaurants in the United States.

DRAIN FLIES: Drain flies and nats in the bar area. Pour **NO FLY ZONE** into the bar drains undiluted at the end of the shift. Do Not follow with water. Initially put 1/4 bottle into each bar drain weekly. After several weeks of treatment, treat each other week to control bar flies and nats.

FLOOR DRAINS: Pour **NO FLY ZONE** into drain each time when least in use, Areas near floor drains in hard to reach areas spray undiluted. **NO FLY ZONE** will control noxious odors and areas buildup.

GREASE TRAPS: **NO FLY ZONE** will control grease buildup in a grease trap through biological processes. At the end of the shift, pour one bottle per ten gallon size. Initial dose once per week then once per two weeks.

URINALS: Urinals build up uric acid and the drain pipe becomes clogged. Pour **NO FLY ZONE** undiluted into urinal. Do Not Flush as the product will reach the uric acid by biologic progression. Use product 1/3 bottle every two weeks.

MATERIAL SAFETY DATA SHEET

(SIMILAR TO OSHA FORM 174)

N.A. = Not Applicable
Not Est. = Not Established
-Prop. = Proprietary

SECTION 1 • MANUFACTURER IDISTRIBUTOR INFORMATION

Product Name: No Fly Zone
Supplier's Name: Gold Cost Chemical Products
Supplier's Address: 2357 Stirling Road, Ft. Lauderdale, FL 33312
HMIS Hazard Code: Health: 1 Flammability: 0 Reactivity: 0 PPE: AA
Chemical Family: Enzyme
D.O.T. Shipping Name: N/A

Emergency Phone #: 800-255-3924
Chemical Name: N.A. Proprietary Blend
Formula: N.A. Blended Product
Hazard Class: N/A **D.O.T. ID#:** N/A

SECTION 2 – HAZARDOUS INGREDIENTS

CHEMICALNAME	CASE NUMBER	% Concentration Range	Hazard Ratings (TLV/PEL)
None			

SECTION 3 - PHYSICAL DATA

Boiling Point (°F): 212 **Specific Gravity:** 1.010
Vapor Pressure: = To Water
Vapor Density: = To Water
Solubility in Water: Complete
Appearance: Milky
Odor: Bland

SECTION 4 - FIRE AND EXPLOSION DATA

Flash Point (°F): None to boiling
Flammable Limits: N.A.
Unusual Fire & Explosion Hazards: None known.

SECTION 5 • HEALTH HAZARD DATA

General: Limited toxicity data are available on this specific product; this health hazard assessment is based on the results of screening tests.
Ingestion: No effect if ingested in small amounts. Relative to other materials a single dose of this product is rarely toxic by ingestion. Irritation of the mouth, pharynx, esophagus and stomach can develop following ingestion. **Eye Contact:** This material may cause eye irritation. Organisms used are non-pathogenic but can cause infection when in contact with open wounds. These organisms are susceptible to many commonly-used antibiotics.
Skin Contact: Slight redness on hands and forearms if individual has a history of dermal allergic reaction. Dermatitis and skin sensitization can develop after repeated and/or prolonged contact with human skin. **Skin Absorption:** Systemically toxic concentrations will probably not be absorbed through the skin in man. **Inhalation:** None known. **Other effects of overexposure:** None known.
First Aid Procedures - For Eyes: Flush thoroughly with water for 15 minutes. If irritation persists seek medical attention. **For Skin:** Remove contaminated clothing and footwear. Wash material off the skin with plenty of soap and water. Wash clothing and footwear before reuse. **If ingested:** Drink water or milk. Induce vomiting only if advised by physician. Seek medical attention. Never give anything by mouth to an unconscious person.

SECTION 6 • REACTIVITY DATA

Stability: Stable under normal conditions
Incompatibility: Strong acids and alkali compounds may inactivate biological cultures.
Hazardous Decomposition Products: None
Hazardous Polymerization: Will not occur

SECTION 7 - SPILL OR LEAK PROCEDURES

Steps to be taken if material is released or spilled: Where possible, flush down drain to waste treatment sewer, otherwise on small spills, use chemical absorbent and sweep up. For large spills, contain and collect.
Waste Disposal Method: Disposal of this product or its residues must be in accordance with all local, state, and federal regulations.

SECTION 8 • SPECIAL PROTECTION INFORMATION

Respiratory Protection: Not required for recommended use. Ventilation: Normal room ventilation.
Protective Gloves: Not required
Eye Protection: Goggles or safety glasses with side shields
Other Protective Equipment: As determined by or recommended by federal, state or local regulations

SECTION 9 • SPECIAL PRECAUTIONS

Precautions to be taken in handling and storage: Prevent skin and eye contact. Wash hands thoroughly with soap and water after use. Remove contaminated clothing and footwear. Wash contaminated clothing and footwear before reuse. Keep from freezing. Do not store in sunlight. Keep container closed when not in use.
Other Precautions: Keep out of reach of children. For professional use only.

The information contained in this MSDS was obtained from current and reliable sources, however the data is provided without any warranty, expressed or implied, regarding its correctness or accuracy. Since the conditions or handling, storage and disposal of this product are beyond the control of this company, it is not responsible for loss, injury and expense arising out of the product's improper use. No warranty, expressed or inferred, regarding the product described in this MSDS shall be created or inferred by any statement in this MSDS. Various government agencies may have specific regulations regarding the transportation, handling, storage, use or disposal of this product which may be covered by this MSDS. The user is responsible for full compliance.
