

DELIMER

GOLD COAST DELIMER IS a mild acid cleaner designed for the removal of scale, corrosion and lime deposits found in drain lines, coild, pumps, boilers, steam generators, cooling trucks, dishwashing machines. Product effective for urinals (use with running water) and other equipment handling volumes of water.

GOLD COAST DELIMER is also used for cleaning of grout and removing hard water scale from ceramic surfaces. It removes accumulations of dirt and grime from joints between tiles and leaves them with a clean, attractive appearance.

GOLD COAST DELIMER is an excellent product to restore rest rooms to a new like appearance. It will remove hard water scale from shower stalls.
